

Minimum Order Policy

Following a recent review of carriage charges against order values, it has highlighted that due to the increased cost of carriage over the last few years we're going to need to gradually increase our minimum order value so we can cover our costs

In order to minimise the impact of the increase, we will introduce these changes over an extended period of time, in two stages

Our new minimum order policy will be

From 1st March 2009

- Minimum order value £400.00 net (invoice value)
- Will be supplied at you standard discount
- A minimum of 3 copies per title must be purchased

From 1st September 2009

- Minimum order value £500.00 net (invoice value)
- Will be supplied at you standard discount
- A minimum of 3 copies per title must be purchased

Notes

- You can order below these minimums if you pay a contribution towards shipping of £29 per order
- We can supply only one order per month per customer below £1000.00 at invoice value, so we'd appreciate your understanding in consolidating your requirements into one shipment monthly
